Indraprastha Engineering College   2020 - 2024
B.Tech. - I.T. | Percentage: **66.65 / 100.00**

Kala Niketan International School, East Delhi   2020
12th | CBSE | Percentage: **71.00 / 100.00**

Kala Niketan International School, East Delhi   2018
10th | CBSE | Percentage: **74.20 / 100.00**

ASSESSMENTS / CERTIFICATIONS

Google Analytics Certification   30 Mar, 2024

Key Skills: Google Analytics   Web Analytics   Tools

Deloitte Technology Virtual Experience Program

Key Skills: Coding   Data Analysis   Tableau   Cyber-security   Git   Github

I completed the Deloitte Australia Technology Virtual Experience Program, a free online course that simulates working at Deloitte in the technology sector. It has 5 tasks:
- Task 1: Coding-I used Python to create an algorithm to unify 2 different data models.
- Task 2: Data Analysis-Build a dashboard to explore the client's telemetry data using Tableau.
- Task 3: Development-Prepare a Software Development Proposal. It required Planning and Formal communication.
- Task 4: Cyber Security-Identify the security issue which led to a leak of private company information using log Inspection.
- Task 5: Forensic Technology-Finding the users with unauthorised access in the given Digital Spreadsheets.
This course helped me learn practical skills, gain insights into the technology industry, and develop my confidence and potential.

Cybersecurity Essentials

Key Skills: Cyber Security   Security

It was a course that was issued by Cisco Networking Academy, in this course we learned the cybersecurity essentials such as what is cybersecurity and how it is important in Tech industries or organizations.

CCSK v4.1 Foundation Training

Key Skills: Cyber Security   Network Security   Security   Prevention

Cloud Security Alliance Certificate of Training for Successfully Completing CCSK v4.1 Foundation Training

PROJECTS

React Todo-app   03 Jul, 2023 - 12 Jul, 2023

Key Skills: ReactJS   Javascript   Front-End Web Development

Project Link: https://react-todo-app11.netlify.app/

A simple, clean to-do app built with React allows users to add, edit, and delete tasks. Features a responsive design, and persistent storage.

Delta   01 Feb, 2022 - 07 Jul, 2023

Key Skills: HTML   CSS   Tailwind css   Javascript

Project Link: https://amankumarverma11.github.io/Delta/

This was a static website which is developed just to display some information related to mental health and also has a breathing exercise for meditation, I used tailwind CSS to design this website. All designs used in the website are created by me and including the svgs.

Portfolio Generator
09 May, 2023 - 30 May, 2023

Mentor: Praveen Kumar

Key Skills: Javascript   ReactJS   Bootstrap

Project Link: https://amankumarverma11.github.io/PortFolio-Generator/

The Portfolio Generator instantly creates a simple portfolio website for users by simply inputting details into a form. It generates a professional portfolio showcasing sections like about, skills, experience, and education. This open-source tool makes building an online portfolio quick and easy.

Note Taking Web App
15 Mar, 2022 - 25 Mar, 2022

Key Skills: HTML   CSS   CSS Flexbox   Javascript

Project Link: https://amankumarverma11.github.io/Notes-Taking-Web-App/

A simple note-taking application, it was one of the first projects I made when I started learning web development. It has features such as adding notes and deleting notes and it is also responsive.
